EXAMINATIONS

a.y. 2021/22

WHAT ?

3 parts

1. Discussion of a method adopted in the Rovereto Geophysics field-trip
2. Discussion of a scientific paper (provided in the list or of YOUR choice, after my check)
3. 1 free question about the course topics...

EXAMINATIONS

a.y. 2021/22

WHAT ?

- I. Discussion of a method adopted in the Rovereto Geophysics field-trip

Prepare a free discussion, a report or a PPT (as you prefer) about one method adopted in the field trip: instruments adopted, scope and application, acquisition, processing, etc.

EXAMINATIONS

a.y. 2021/22

WHAT ?

2. Discussion of one scientific paper
(provided in the list or of YOUR choice, after my check)

In the Moodle you find a PAPERS folder with dozen of scientific papers. Select **one** to present. If you like, you can bring another scientific paper not in the list (e.g. a case study of your interest, in your country, regarding your thesis, etc...).

In this case please send me BEFORE the paper for check.

EXAMINATIONS

a.y. 2021/22

WHAT ?

3. 1 Free question about the course topic

I reserve to do one question regarding other topic not touched by the scientific paper or by the field trip report (*it is a 9 CFU course....*)

EXAMINATIONS

a.y. 2021/22
