# Affluences

Through the Affluences, users can view in real-time the occupancy rate of **study places available** in each library of the University of Padua. Those looking for a place to study can therefore quickly find their way around the various libraries according to the occupancy rates updated every 60 seconds, thus minimising time wastage.

Affluences is available as an app, ad-free and freely downloadable from the [App Store](#) and [Google Play](#), or by using [Affluences by web](#).

Those looking for a library for the first time can easily find information on its location, follow the itinerary and check the map from their mobile phone. Through a simple and clear interface, up-to-date information on **opening hours** is also provided, as well as the main **communications for users**. Affluences also includes a **reservation system for individual seats or group study rooms**, where available.

Access to the libraries is free and open to all.

For permanence in the library rooms, it is mandatory to make an online reservation via the Affluences app ([App Store](#) and [Google Play](#)) or [Affluences by web](#).

The reservation must be made in the name of the person who goes to the library. The booking option has been set up in the Affluences app with differentiated channels depending on the type of user.

To access the libraries the reservation of the seat is required through the *Affluences* app

Engineering Libraries
