European Pharma Handbook 2025 - Regulatory & Market Analysis for 32 Countries

Dublin, April 14, 2025 (GLOBE NEWSWIRE) -- The ["European Pharma Handbook 2025"](#) has been added to **ResearchAndMarkets.com's** offering.

The **European Pharma Handbook** provides pharmaceutical industry decision-makers with a single source of accurate, up-to-date statistics, information and analysis on prescription drug business and regulatory environments throughout Europe. Coverage of 32 individual countries (cumulatively representing more than 99% of European sales) and a summary section on the EU are included.

Company executives, consultants, marketing and licensing partners, policymakers, researchers, investors, reporters, and others who work with the pharmaceutical industry will benefit from the European Pharma Handbook.

Whether you're working on a cutting-edge specialty drug or a mature generic, whether your drug is on the market or still in clinical trials, the European Pharma Handbook is a thorough, data-rich report that gives you insight into the structures, trends, and regulations driving the world's most important pharmaceutical market.

Information for 32 countries on:

- Approval Procedures
- Branded vs Generic Use
- Clinical Trial Regulations and Practices
- Distribution Systems
- Drug Regulatory Agencies and Policies
- Generic Regulations and Market Trends
- Growth Rates
- Healthcare Systems
- Intellectual Property & Parallel Trade Issues
- Intellectual Property Regulations and Practices
- Manufacturing Infrastructure
- Marketing Regulations and Practices
- Payment Patterns
- Pharmaceutical Market Forecasts
